The motion carried 6-0, with Council Member Binney absent.

DISCUSSION ITEMS

1. Recognition of the volunteer contributions by the High Country Garden Club and presentation of a plaque of appreciation for their service to the Town of Star Valley.

Town Clerk Jacob von Prisk presented a plaque of appreciation to members of the High Country Garden Club in recognition of their dedication, volunteer service, and contributions to the beautification and enhancement of the Star Valley Town Park.

Council thanked the volunteers for their continued efforts and acknowledged the significant improvements made throughout the park. Members of the Garden Club discussed their enjoyment of participating in the project and noted the positive transformation of the park resulting from ongoing landscaping improvements. The group also expressed appreciation for the Town's support and indicated that additional projects are planned for the future.

No action was taken.

2. Discussion and possible action regarding a demonstration of the GoGov App for the Town. Presentation by Kevin Strauss, GoGov.

Kevin Strauss of GoGov provided a demonstration of the GoGov communications platform and mobile application. The presentation highlighted the platform's ability to distribute Town information through a branded mobile application, email notifications, website integration, and automated emergency alert systems. Additional features discussed included customizable notification categories, public information resources, event promotions, and automated emergency notifications utilizing FEMA alert integrations.

Council discussed potential uses of the platform for improving communication with residents, promoting Town events, distributing utility notifications, and increasing public engagement. Discussion also included methods of advertising the application to residents, possible integration with upcoming outreach efforts, and the annual subscription cost of approximately $3,900.

Council Member Armington moved to authorize staff to move forward with the GoGov app as a Town notification and information system, subject to Council approval of the proposed cost before any financial commitment is made. Council Member McDaniel seconded the motion.

A roll call vote was taken:

- Vice Mayor McKinney – YES.

- Council Member Armington – YES.
- Council Member Binney – ABSENT.
- Council Member Dueker – YES.
- Council Member Highstreet – YES.
- Council Member McDaniel – YES.
- Mayor Davis – YES.

The motion carried 6-0, with Council Member Binney absent.

3. Update regarding the Town's solar-powered decorative streetlights. Presentation by Town Clerk Jacob von Prisk.

Town Clerk Jacob von Prisk provided Council with an update regarding the Town's solar-powered decorative streetlight feasibility study. Staff reported that a recent meeting was held with ADOT representatives to further discuss the proposed project and ensure ADOT fully understood the project's intended purpose.

Staff explained that the proposed streetlights are decorative pedestrian-style fixtures intended to enhance the appearance of the SR 260 corridor, improve pedestrian visibility, and create a stronger sense of community identity rather than function as highway roadway lighting. ADOT indicated that it does not have restrictions that would prevent the Town from pursuing the proposed decorative solar streetlight project.

Staff further reported that an encroachment permit application will be required and that evaluation of potential locations, fixture types, and project costs remains ongoing. Council was advised that additional information will be provided as the feasibility study progresses and more detailed project information becomes available.

No action was taken.

4. Discussion and possible action to construct a paved apron for the mailboxes at Cornerstone.

Town Manager Grier presented information regarding the condition of the mailbox area located at Cornerstone following recent flooding events. Staff reported that significant runoff and mud accumulation created difficult conditions for residents accessing the mailbox area and required maintenance efforts to restore accessibility.

Council discussed previous improvements made to mailbox locations throughout Town, ongoing maintenance challenges associated with unpaved mailbox areas, and the benefits of providing a more durable paved surface to improve accessibility for residents.

Council Member McDaniel moved to support construction of a paved apron at the Cornerstone mailbox area. Council Member Highstreet seconded the motion.

A roll call vote was taken:

- Vice Mayor McKinney – YES.
- Council Member Armington – YES.
- Council Member Binney – ABSENT.
- Council Member Dueker – YES.
- Council Member Highstreet – YES.
- Council Member McDaniel – YES.

- Mayor Davis – YES.

The motion carried 6-0, with Council Member Binney absent.

ADJOURNMENT

Council Member Highstreet moved to adjourn the meeting. Council Member Armington seconded the motion. The motion carried unanimously by voice vote.
